	Document Title: Inspection and test plan for Active Carbon Package & Filter Package		
Document No.: EI0127-HRC-VD-QC-ITP-001		Rev. R2	Page 4 of 8

1. General

1.1 Introduction

This document covers Inspection & Test Plan for Active Carbon Package & Filter Package

1.2 Definitions

The following terms and abbreviations are used in the present document

Item	Correspondences
Project	STYRENE PARK OFFSITE
Client	Pad Jam Polymer Development Company
Purchaser	Petro electric Energy Development Company
Consultant	Gohar Ofogh
Vendor	Ener Teknoloji / Hamoon Rah

2. Abbreviations

H: Vendor shall not carry out:

- Any fabrication and/ or repair work and any shipment without having inspector's confirmation/comments
- Any controls and test without inspector attendance

Inspector attendance is mandatory. Vendor must notify contractor by E-mail as per defined communication line at least 4 Days before the test date for domestic manufacturers and 7 working days for overseas. No deviation is allowed from the above-mentioned issues unless specially approved by Client/Contractor in writing.

W: Vendor must notify contractor of the dedicated inspection activity at least 7 working Days before the test date for domestic manufacturers and 7 days for overseas. Inspector's attendance is not mandatory.

SW: At least inspection of 15% of each subjected item shall be done under the supervision of involved inspectors. Relevant inspection notification shall be submitted at the beginning of related activities and in case of any failure, at the first case, inspector's supervision increases to 30% of goods and by the second failure, whole activity shall be witnessed by inspectors.

R: Review Documentation is a point in which inspection result shall be reviewed, but presence of involved party at inspection time is not mandatory

RA: Includes reviewing of all related reports/certificates which vendor shall provide at each step and vendor shall not proceed his fabrication/test unless receiving inspector's approval.
